G. Please indicate the key benefits of the project (*direct/indirect tangible/intangible*)

It is certified that the FYP details provided herein is correct and accurate. It is being undertaken by the above mentioned students as their Final Year Project under my Supervision

It is undertaken that the undersigned as the supervisor has conducted initial assessment of the technicalities and complexities involving the execution of the FYP. Therefore, on the basis, the FYP is justified as a 6 credit hour work for each student in the project

It is further undertaken that all reports/working papers/supporting documents/software/model/source code etc. will be submitted to IBA for the use as it may deem necessary before final evaluation.
